

Anarchist Suicide Called Fake

STUTTGART, West Germany (AP)—Defense lawyers for accused terrorists in Stuttgart and Duesseldorf charged yesterday that German authorities had faked the suicide of Ulrike Meinhof to cover up her alleged murder by the state.

In Stuttgart, 250 demonstrators chanted "Murderer, Murderer" when the judge in Mrs. Meinhof's trial appeared in court Tuesday. They disbanded before court officials intervened. They were followed out by defense lawyers for her three surviving codefendants, who walked out to protest the judge's refusal to grant a 10-day break in the trial.
